Last day for students to drop a course online using SalukiNet (no refund and a grade of W) Sunday, April 3 rd

Text: Calculus and Its Applications
Author: Bittinger, Ellenbogen, Surgent
Edition: Eleventh

GRADING:  
Homework/ Quizzes:  200 points
( Homework is on My-labs)
TESTS (4)  @ 100 points each  400 points

FINAL  200 points

TOTAL  800 points

The standard university grading scale is applied. If a student misses less than 4 classes the lowest test grade will be dropped and the average of the three highest replacing it. A student with perfect attendance will have their highest test substituted for the lowest test score. All students must take the final. Make-ups for tests will be limited. Undocumented excuses will result in a score of zero for the test.   NO LATE WORK IS ACCEPTED.

The only calculators allowed in this course are TI 30’s. No other calculator is permitted. Absolutely NO cell phones are allowed in class. We will follow the on-line syllabus. To access My-labs go to Salukinet and click on the my courses tab. This class is not on D2L.

Emergency Procedures. Southern Illinois University Carbondale is committed to providing a safe and healthy environment for study and work. Because some health and safety circumstances are beyond our control, we ask that you become familiar with the SIUC Emergency Response Plan and Building Emergency Response Team (BERT) program. Emergency response information is available on posters in buildings on campus, available on BERT’s website at www.bert.siu.edu, Department of Safety’s website www.dps.siu.edu (disaster drop down) and in Emergency Response Guideline pamphlet. Know how to respond to each type of emergency.

Instructors will provide guidance and direction to students in the classroom in the event of an emergency affecting your location. It is important that you follow these instructions and stay with your instructor during an evacuation or sheltering emergency. The Building Emergency Response Team will provide assistance to your instructor in evacuating the building or sheltering within the facility.
