100. Inequalities and bounds for the incomplete gamma function, Results Math. 63 (2013), No. 3, 1209 - 1214.

74. On some inequalities involving trigonometric and hyperbolic functions with emphasis on the Cusa-Huygens, Wilker and Huygens inequalities (with J. Sandor), Math. Inequal Appl. 13 (2010), No. 4, 715-723.

10. An algorithm for computing quintic interpolating splines with evenly spaced double knots, Appl. Math. 16 (1977), 133-142.

**Published Problems and Solutions**

**Erdös Number**

Three (Zs. Pales -> J.D. Aczel -> P. Erdös and J. Sandor -> F. Luca -> P. Erdös)
