

# LANGENHOP LECTURE & SIU MATHEMATICS CONFERENCE

## MAY 12 & 13, 2020

### LANGENHOP LECTURE:

PROF. Y. BARYSHNIKOV, U OF ILLINOIS

### APPLIED MATHEMATICS CONFERENCE

PARTIAL DIFFERENTIAL EQUATIONS

FRACTIONAL DERIVATIVES

MATHEMATICAL BIOLOGY

CONTROL THEORY

MATHEMATICAL PHYSICS

PROGRAM COMMITTEE: JERZY KOCIK, HENRI SCHURZ, MINGQING XIAO,

JIANHONG XU, DASHUN XU

ORGANIZING COMMITTEE: BHASKAR BHATTACHARYA, WESLEY CALVERT, JIANHONG XU

The Department of Mathematics at Southern Illinois University is pleased to announce a research conference in the areas of applied mathematics including partial differential equations, mathematical biology, fractional derivatives, control theory and mathematical physics. Invited and contributed talks are being sought at this time. Graduate students are welcome to participate.

This event is combined with the annual Langenhop lecture series to promote the importance of mathematics to a general audience.

Please submit an abstract of your presentation to: [math@siu.edu](mailto:math@siu.edu) by March 31st, 2020.

Accommodation and food are provided for participants.

**REGISTRATION IS FREE, BUT  
YOU MUST REGISTER BY  
MARCH 31ST, 2020**
